

# READ LABELS ON YOUR FLEA/TICK PREVENTATIVE CLOSELY

## It Could Be Deadly to More Than Fleas & Ticks!

### Do You Know...

- 🐾 These pesticides can cause serious and even FATAL adverse reactions.
- 🐾 Parasites are often a sign of an underlying immune problem or nutrient deficiency.
- 🐾 Many of these products are regulated by the EPA, NOT the FDA.
- 🐾 Fleas and ticks can be defeated without the use of harmful chemicals.
- 🐾 Vets may overlook or deny adverse reactions to these drugs, which can lead to death for your pet!
- 🐾 Serious or even FATAL reactions can happen to YOU!

**EDUCATE YOURSELF!!! The more you learn about these chemicals, the healthier your pet will be!**

If you have concerns about a product's safety/efficacy, continue your RESEARCH using the following as a starting point! For the love of your pet, **"When in doubt, don't!"**
